

For classical or modern productions

Strip is the traditional parquet classic. With its large variety of colours, surfaces and types of wood, Bauwerk's strip parquet range offers maximum flexibility for impressive room styles, from traditional to modern. And all that high quality comes at a compelling price.

Unopark – the classic for herringbone installation

Unopark is the versatile classic in various colours and surfaces, suitable for installation in herringbone – but also shipdeck-pattern. Whether in oak, maple or acacia, all Unopark products can be installed in the classically elegant herringbone pattern, bestowing a very special ambience to every room. Surfaces in the Used-Look or slightly brushed finish for a pleasant "barefoot feel", offer further possibilities for customisation.

Monopark – the versatile parquet for first-timers

Monopark is manufactured with wood from controlled sources in Europe. Its compact design and excellent value for money make it a truly impressive option. This popular strip, available in three surface treatments, different wood types and a wide range of colours offers so many versatile possibilities, which is particularly great for properties. Monopark is based on HDF technology and has a resource-efficient top layer of approx. 3 mm.

Solopark – the classic product for project business

Solopark comes in a classic short-strip format with oak products in various colours. The Solopark-assortment has its focus on project business and offers a compact but attractive colour-range on three surfaces: matt lacquer, natural oil and B-Protect®. The top layer is made from European oak.

The strip format is available in the following wood types and colours:

The strip format Used-Look is available in the following colours:

Unopark – 470 × 70 × 11/12.5 mm
Solopark – 470 × 70 × 10 mm
Monopark – 470 × 70 × 9.6 mm

Unopark is a diverse classic with a large selection of colours and wood for practically unlimited use and installation options – whether you choose oak, maple or acacia.
